

MUHAMMAD MOBEEN ZAHEER

FRONT-END DEVELOPER

Thandapani Nilore, Islamabad | zaheerkiani47@gmail.com

SUMMARY

Passionate Front-End Developer with a strong foundation in HTML, CSS, JavaScript, React.js, Node.js, MongoDB, and SQL. With over a year of hands-on experience, I build responsive, user-friendly web apps that blend functionality with clean, creative design. I enjoy turning ideas into intuitive digital experiences that not only work well but also tell a story.

PROJECTS

Travel Craft: AI Trip Planner

- Developed a personalized travel planner web app integrating AI-powered chatbot for travel queries.
- Implemented dynamic frontend with React.js and styled using Tailwind CSS.
- Built backend API routes with Node.js and Express for destination management and user queries.
- Integrated MapBox API for location data and DeepSeek, Lamma API for smart itinerary planning.
- Managed data flow and storage using MongoDB and ensured responsive UI/UX for all devices.

Flight Management and Booking System

- Created a role-based flight booking system supporting passengers, staff, and admin users.
- Designed a clean and intuitive UI where users could create accounts, book flights, and view schedules.
- Built admin and staff panels with different access levels to manage flights and passenger information.
- Implemented frontend validation and dynamic behavior using JavaScript for real-time interactivity.

PROFESSIONAL EXPERIENCE

Full Stack Developer | Freelance, Remote

Jan 2023 – Present

- Built full-stack web apps using React.js, Node.js, and MongoDB.
- Developed an AI-based trip planner with chatbot and Maps API integration.
- Implemented secure, role-based authentication and access control.
- Ensured responsive design, fast load times, and cross-browser compatibility.
- Integrated third-party APIs to enhance functionality and user experience.

Front-End Developer | Freelance, Remote

Sep 2023 - Present

- Designed responsive UIs using HTML, CSS, JavaScript, and React.js.
- Developed reusable components and interactive layouts.
- Translated client requirements into clean, user-friendly designs.
- Worked closely with clients to refine features and deliver polished front-end solutions.

EDUCATION

Institute of Space Technology (IST), Islamabad
